

International Workshop “Shapes and Dynamics of Atomic Nuclei: Contemporary Aspects” (SDANCA-17), 5-7 October 2017, Sofia, Bulgaria

SECOND ANNOUNCEMENT

Dear Colleagues,

On behalf of the Organizing Committee of SDANCA-17, I would like to thank all of you for accepting to attend the Workshop. You can see the list of registered participants and announced talks on our web page: <http://ntl.inrne.bas.bg/events/sdanca17/listp.php> . Here we would like to announce the following details:

Abstracts: We would like to ask all colleagues who have not yet sent their abstracts to do it as soon as possible since in few days we plan to start processing the Abstracts booklet.

Travel schedules: For hotel reservation reason as well as to arrange the Workshop program we need information about your **exact arrival and departure times**. Dinner will be provided in the BAS restaurant for participants arriving on 4-th of October. We believe that reaching the BAS hotel from Sofia airport is convenient. Still in case of special circumstances, late flights etc., you may let us know and we can arrange to help or advise you how to proceed.

Contributions submission: The contribution manuscripts will be published in the [Bulgarian Journal of Physics](#) (BJP) after a peer review. You can download the BJP LaTeX style package from the journal web page <http://www.bjp-bg.com/authors.php> together with the instructions for authors. Note that it differs from the abstracts template. Please consider the following details:

- To meet the aim of 2017 publication we require that all manuscripts are **submitted** in a term **starting by now and not later than 22-nd of October**. The review of each manuscript will be proceeded immediately after its receiving.
- The manuscripts should not exceed **10 pages** in the BJP style.
- Please send the contribution files to Nikolay.Minkov@theo.physik.uni-giessen.de since the other address (nminkov@inrne.bas.bg) has some disc limitations. We need the **LaTeX source** and **EPS/PDF/PNG figure files**. Using ZIP or RAR archives is possible.

We shall inform you about the program of talks as soon as ready.

With kind regards,
Nikolay Minkov
Chair of the SDANCA-17 Organizing Committee
